Evaluation of the Judges' work during FIG events

A continues evaluation will be carried out by the Superior Jury (Technical Committee) at FIG events. This will be done by observation and scoring by the responsible members of the SJ for each discipline during the competitions and by analysis from videos (IRCOS) after the competitions by the Technical Committee

In principle the routines of the best 20 athletes will be analysed, plus the cases which were under question and recorded by the Superior Jury. All execution scores which are outside of the allowed tolerance from the expert scores (TC) will be counted as errors.

Allowed tolerances:	9.7 and over	0.0 pts
	9.1 to 9.6	0.1 pts
	8.4 to 9.0	0.2 pts
	7.4 to 8.3	0.3 pts
	7.3 and below	0.4 pts

As per the General Judges' Rules the work of the execution judges is evaluated according to the following 5 criteria:

Excellent	No errors
Very Good	Errors less than 5% of analysed routines
Good	Errors in less than 10% of the analysed routines
Weak	Errors in less than 15% of the analysed routines
Unsatisfactory	Errors 15% or more of the analysed routines

As per the General Judges' Rules the work of the Difficulty judges is evaluated according to the following 5 criteria:

Excellent	No errors
Very Good	1 error
Good	2 errors
Weak	3 errors or 1 error in finals
Unsatisfactory	more than 3 errors or 2 errors in finals

FINAL PROVISIONS

The principles of the FIG General Judges' Rules have been approved by the Executive Committee at its meeting in Cape Town (RSA) in May 2008. The details of the Specific Rules for each discipline were developed by the Technical Committees and have been modified by the Statutes Commission and the Presidential Commission following the authorization of the EC. They enter into effect on January 2009 and replace all previous rules.
